Join Us

Did you know that the first registers of Collies took place in the year 1870?

Did you know that Collie Club de Portugal (CCP) was founded in the 16th July 1982 and that it was the second Club to be recognized by the Clube Português de Canicultura, after a long negotiation of almost 2 years?

It is to honour all the effort and perseverance of those who came before us have developed, that we intend to put the CCP again in the level that it once had, nationally and internationally. To make of it a reference where the breeders and owners of the breed might find the support they need.

If you are curious about this excellent and noble breed of dogs or if you have already fallen in love by a member of its several kinds, join this family of Collie owners in Portugal. Come and meet us, contribute to the development and spreading of the Club.

**Fill in the form that you can find in the back and send it to us as soon as possible.
We offer you free membership you have only to pay a entrance fee of only €15.00.
